Your comments:	<ul style="list-style-type: none"> • Good progress from previous weekend. • Offered to work extra games • Had a tough time with U14 coach (SBR) questioning balls and strikes while they were losing. Offered advice to advise coach that commenting on balls and strikes was unacceptable and could result in being removed from the game. Handled the situation with calmness and was complemented by SBR advisor/statistician for enduring the verbal abuse. • Made one call at plate quickly, and had to change call when ball squirted out.
Suggestions for improvement:	<ul style="list-style-type: none"> • Delay all calls until all plays are finished. • Work on coming out to left each time the ball is hit, whether a hit, bunt, dropped third strike and steals so that you have a good view. • Keep learning • Work on base umpiring

Your comments:	<ul style="list-style-type: none"> • Good basics • Gave great explanation to coach regarding the pause • Move to good position to make call at the plate • Interested • Don't need to give safe sign when no play occurs at a base • Too far back when working bases - move to a couple of steps behind the infielders when they are outside the baselines. When fielders are inside the

	baselines, stay back of the lines so you can see the runners
