Your comments:	<ul style="list-style-type: none"> <li>• Good hustle overall</li> <li>• Great job setting up in slot position, and heel/instep stance</li> <li>• PU makes all calls on fly balls; BU gets inside and watches the runners</li> </ul>
Suggestions for improvement:	<ul style="list-style-type: none"> <li>• On SB attempt, always hustle with runner, parallel to basepath</li> <li>• On each pitch with runners, go to set position, rather than hands behind back</li> <li>• When calling time after a series of plays, check to make sure all runners have returned to bases and play completed</li> <li>• Overthrows at 1B, umpires need to be aware of whether the ball goes out of play and call Dead Ball and award bases if it does</li> </ul>
