Your comments:	<ul style="list-style-type: none"> • Worked the dish in the 1 v 2 final and did a good job. • Was crowding the catcher by leaning forward in the slot. Try to be more vertical to save your back, and if you have to lean, then back up a bit more so you aren't breathing in the catcher's ear. • Good voice with authority, and good timing on strike calls not rushing your call. • On bases, <ul style="list-style-type: none"> o remember if the ball goes to the outfield you come to the infield so the ball is coming toward you. o If you have no play at a base, then there is no need to signal. o Can't remember your positioning, just remember you only need to a couple of steps behind the 2nd base or shortstop if they are playing outside the baselines.
Suggestions for improvement:	<ul style="list-style-type: none"> • Just needs to do more games to gain further experience • Get some more work on base umpire position.
